

Check for and remove any contact lenses. Do not use an eye ointment. Seek medical attention.

After contact with skin, wash immediately with plenty of water. Gently and thoroughly wash the contaminated skin with running water and non-abrasive soap. Be particularly careful to clean folds, crevices, creases and groin. Cover the irritated skin with an emollient. If irritation persists, seek medical attention. Wash contaminated clothing before reusing.

Wash with a disinfectant soap and cover the contaminated skin with an anti-bacterial cream. Seek medical attention.

Allow the victim to rest in a well ventilated area. Seek immediate medical attention.

Not available.

Do not induce vomiting. Loosen tight clothing such as a collar, tie, belt or waistband. If the victim is not breathing, perform mouth-to-mouth resuscitation. Seek immediate medical attention.

Not available.

**Section 7. Handling and Storage**

|                    |   |
|--------------------|---|
| <b>Precautions</b> | Keep away from heat. Keep away from sources of ignition. Empty containers pose a fire risk, evaporate the residue under a fume hood. Ground all equipment containing material. Do not breathe dust. Wear suitable protective clothing. If you feel unwell, seek medical attention and show the label when possible. Avoid contact with skin and eyes. |
| <b>Storage</b>     | Keep container dry. Keep in a cool place. Ground all equipment containing material. Keep container tightly closed. Keep in a cool, well-ventilated place. Combustible materials should be stored away from extreme heat and away from strong oxidizing agents.  |

**Section 8. Exposure Controls/Personal Protection**

|   |   |
|---|---|
| <b>Engineering Controls</b>                         | Use process enclosures, local exhaust ventilation, or other engineering controls to keep airborne levels below recommended exposure limits. If user operations generate dust, fume or mist, use ventilation to keep exposure to airborne contaminants below the exposure limit. |
| <b>Personal Protection</b>                          | Splash goggles. Lab coat. Dust respirator. Be sure to use an approved/certified respirator or equivalent. Gloves.   |
| <b>Personal Protection in Case of a Large Spill</b> | Splash goggles. Full suit. Dust respirator. Boots. Gloves. A self contained breathing apparatus should be used to avoid inhalation of the product. Suggested protective clothing might not be sufficient; consult a specialist BEFORE handling this product.                    |
| <b>Exposure Limits</b>                              | Not available.  |

**Section 9. Physical and Chemical Properties**

|                                      |                 |              |                |
|--------------------------------------|-----------------|--------------|----------------|
| <b>Physical state and appearance</b> | Solid.          | <b>Odor</b>  | Not available. |
| <b>Molecular Weight</b>              | Not available.  | <b>Taste</b> | Not available. |
| <b>pH (1% soln/water)</b>            | Not available.  | <b>Color</b> | Not available. |
| <b>Boiling Point</b>                 | Not available.  |              |                |
| <b>Melting Point</b>                 | Decomposes.     |              |                |
| <b>Critical Temperature</b>          | Not available.  |              |                |
| <b>Specific Gravity</b>              | Not available.  |              |                |
| <b>Vapor Pressure</b>                | Not applicable. |              |                |
| <b>Vapor Density</b>                 | Not available.  |              |                |
| <b>Volatility</b>                    | Not available.  |              |                |
| <b>Odor Threshold</b>                | Not available.  |              |                |
| <b>Water/Oil Dist. Coeff.</b>        | Not available.  |              |                |
| <b>Ionicity (in Water)</b>           | Not available.  |              |                |
| <b>Dispersion Properties</b>         | Not available.  |              |                |
| <b>Solubility</b>                    | Not available.  |              |                |

**Corrosivity** Non-corrosive in presence of glass.

**Special Remarks on Reactivity** Not available.

**Special Remarks on Corrosivity** Not available.

**Polymerization** No.

**Section 11. Toxicological Information**

**Routes of Entry** Eye contact. Ingestion.

**Toxicity to Animals** LD50: Not available.  
LC50: Not available.

**Chronic Effects on Humans** Not available.

**Other Toxic Effects on Humans** Hazardous in case of skin contact (irritant), of ingestion.  
Slightly hazardous in case of inhalation.

**Special Remarks on Toxicity to Animals** Not available.

**Special Remarks on Chronic Effects on Humans** Not available.

**Special Remarks on other Toxic Effects on Humans** Not available.
